Brand New Book ***** Print on Demand *****.Excerpt from A Method of Increasing the Quantity of Circulating-Money: Upon a New and Solid Principle The Principle of this Proposal is to put a new and great Capital into circulation, by Loans of Money, to be created in the manner and upon the foundation described in the following Letter, addressed to a Member of the late Secret Committee of the House of Commons on Bank Affairs. The gentleman, to whom the Letter was addressed, (whose name, if I thought myself at liberty to mention it, would add much authority to the whole proposal,) being himself struck with the novelty of the measure, and its apparent tendency to public utility, has been the means of procuring a considerable degree of favour to it elsewhere. But, if I were to say more of this, it could only be with a view to obtain attention, - not to influence the public judgment, which alone can decide in this case, as in all others where public credit is concerned.
