WE INSTALL (PAPERBACK)

Open Road Media Science Fantasy, United States, 2015. Paperback. Book Condition: New. 203 x 132 mm. Language: English . Brand New Book. From Harry Turtledove, bestselling author of the Worldwar series and The Guns of the South, a collection of nine stories and three essays that illuminate his broad storytelling range Harry Turtledove earned the title master of alternate history from Publishers Weekly for his thought-provoking novels that turn historical facts into gripping tales of possibility. But his writing talent goes much further. We Install offers a showcase of styles, from humor in Father of the Groom, a scientist with a penchant for wild experimentation helps his love-struck son by synthesizing a wedding ring out of two carrots to classic science fiction, as in the Hugo Award winning Down in the Bottomlands and Hoxbomb, in which a regular guy just trying to make a living selling scooters has to deal with some very odd competition. The alternate history tale Drang von Osten begins on a bloody battlefield in World War II and ends somewhere quite different. In the brand-new Logan s Law, a man discovers that sometimes, second chances really do work out. The book s three essays tackle the diverse subjects of how to write alternate history, Tolkien s The Lord of the Rings, and the history of Chanukah. We Install will delight longtime Turtledove fans and new readers alike with its rich offerings from one of the finest craftsmen writing today.
