Curiosity Quills Press, United States, 2014. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Lieutenant Colonel Nik Zhukov is just like any other desensitized seventeen-year-old living in the year 2076. At least he likes to think he is when he isn't busy eliminating threats to national security, breaking up terrorist organizations, and trying not to get blown up. It's all in a normal day's work for one of the military's top dogs, and he's never disappointed. Never failed. Never lost sight of his dream of making it to the elite force, even as each new job forces him to see just how morally corrupt his leaders are. On the verge of promotion, Nik is dispatched to the underground city beneath the icy Seattle tundra, his final mission handed down directly from The Council. It should have been a simple in-and-out, but the underground is full of dark secrets and he soon finds himself swept into battles, lying to his best friend back east, and growing a bit too close to the rebels he was sent to spy on. Nik realizes too late that he's broken the number one rule within his ranks; he's allowed himself to feel normal for the first time in his life. He might be able to turn the job around, become the soldier he was once was, except for his growing attachment to the rebel leader. A guy. Yet another first for Nik. It's a mistake he pays for dearly when he learns The Council's true intentions for the city.
